Graystone Farm Summer Camp

Greatness starts with a clear vision of the future.

Set your young equestrian on a clear path to success by enrolling them in one of our summer riding camps. We have a focused and simple vision for this year's camps—to nurture your child's love of horses and help them grow as equestrians. Our camps are for all skill levels—from young four year old children meeting a pony up close for the first time to advanced level students honing their skills.

About our Summer Program

Daily Camp sessions are offered for three different age groups: 4-7, 8-10 and 11-15. There is also a combined half-day option which is offered to children in grades 1 thru 8. The primary focus of all camp weeks is Horsemanship, of course. However; the curriculum for each week will vary based on the age group. Activities include in-saddle riding lessons, classroom lessons, ground work and hands on learning, plus arts & crafts, games and group activities. Each camp week is open to riders of all skill levels. By keeping enrollment to a minimum and creating small groups within each camp week based on riding skills, we are able to offer personal, individualized instruction for each camper at their own current riding level.

A Note about Senior Horsemanship Week:

This week was designed to take experienced as well as aspiring equestrians, to the next level. It will offer some unique opportunities for riders of all skill levels to grow as riders and to expand their knowledge of horsemanship.
